The design on the coins' reverse (tails side) is sculptor Miley Busiek's design of a male eagle carrying an olive branch, flying above a nest containing a female eagle and her eaglets.

American Eagle Gold Proof Coins – produced at the United States Mint at West Point – are struck multiple times and feature a frosted foreground and mirror-like background, giving them a special cameo effect. Each coin is sealed in a protective capsule and mounted in a handsome, satin-lined velvet presentation case and accompanied by a Certificate of Authenticity.
